

California Avocado Growers Seminar Series 2011-2012

"Tools for Increasing Avocado Production"

Presented by:

University of California Cooperative Extension
California Avocado Commission
California Avocado Society, Inc.

April Outdoor Seminar:
Avocado Pest Identification and Control

Thursday - April 12, 2012
9:00 to 11:00 am
Calavo Packing House
28410 Vincent Moraga Drive
Temecula

Some of our PCA's will guide growers to look for thrips, Persea mites, and natural enemies in an avocado grove in Temecula. Please arrive at Calavo parking lot just before 9:00 am and you will be supplied a map to the grove.

No cost to attend and no RSVP required.

Continuing Education hours have been applied for.
